CASS TECHNICAL HIGH SCHOOL

DETROIT, MICHIGAN

FOREWORD

This book presents a record of achievements of all functions of school life at Cass. The Staff wishes to thank the student body for the cooperation they have given us in putting out this book and hopes these pages will unify and instill loyalty and friendship in their hearts, and, above all, be a most joyous reminder of the days they have spent so happily within the walls of Cass.

-

He is dead now.

DEDICATION

We, the graduates of 1934, dedicate this volume of the Triangle to our beloved principal, Mr. Benjamin Comfort, in appreciation of his long and untiring service to the student body of Cass Technical High School. We regret extremely that he is retiring this year, for the counsel which has so wisely guided Cass Tech. since it was founded will be lost to the future generations of students who will come to Cass.
